### INTRODUCTION

The goal of illuminati is a one-world-government, or the more recent term is New World Order which is a brutal dictatorship of all humanity. Illuminati ensure their existence and regulate the globe done by the media, the dollar's supply, education, politics and economics. There are millions of internet sites, analysis, hints, ambiguity and cryptograms available on how illuminati regulate the world (How the Order of the Illuminati manipulates mankind, 2011). the world is ruled by a powerful, secretive few. Many of the rest of us peons have heard that in 2004 both candidates for the White House were members of Yale University's secretive Skull and Bones society, many of whose members have risen to powerful positions. But Skull and Bones is small potatoes compared with the mysterious cabals that occupy virtually every seat of power, from the corridors of government to the boardrooms of Wall Street. Take the Illuminati, a sect said to have originated in 18th century Germany and which is allegedly responsible for the pyramid-and-eye symbol adorning the \$1 bill: they intend to foment world wars to strengthen the argument for the creation of a worldwide government (which would, of course, be Satanic in nature). Or consider the Freemasons, who tout their group as the "oldest and largest worldwide fraternity" and boast alumni like George Washington. Some think that despite donating heaps of cash to charity, they're secretly plotting your undoing at Masonic temples across the world Ronald Bernard was a banker to the Illuminati, who destroyed many lives through the manipulation of finance (secret society control the world).

Or consider the Freemasons, who tout their group as the "oldest and largest worldwide fraternity" and boast alumni like George Washington. Some think that despite donating heaps of cash to charity.

They're secretly plotting your undoing at Masonic temples across the world Ronald Bernard was a banker to the Illuminati, who destroyed many lives through the manipulation of finance (secret society control the world). The global elites who govern secret societies investigate mystic rites and practice black magic. The god they serve is Lucifer, "The Light Bearer" but they strive to control the world populace by performing black magic (The Illuminati and black magic. Luciferin worship! 2013). The goal of this committee is a one-world-government, or the more recent term is New World Order which is a brutal dictatorship of all humanity. the situation in Israel is mixed. There are allegedly "White Hats" and "Black Hats". Most Israelis, which is a real multi-cultural society, including Jews, Arabs, or Druze, have no idea what is going on; just as in other countries that the ordinary people have no idea about the reality surrounding them (Exposing the Cabal, Illuminati, Deep State, Globalists, and Global Elites that Rule the World, 2019). The USA is an organization that serves as the chairman's chairman as its CEO. If the orders of the Illuminati are followed, the President is the true decision-maker for the government. The Illuminati are the force that makes the choices for the US Company. In the six specified disciplines, all Illuminati participants undergo instruction. This teaching starts in infancy and lasts all through the members' life. The Illuminati have all the requisite instruments for manipulating the world by controlling all media attention and regulation over all the financial institutions (Illuminati Control of Politics, The Music Industry, The Media, The Movie Industry! Now the prisoners' chains have broken, and they see shadows on a wall. The media create people's realities and views. The media shows us what is true, and what is not demonstrated by the media is often determined by the owners of the media. We can monitor media in two different ways. One of them is ownership. Ownership This material is managed solely by the media outlet corporations, associates and branches. The second is advertisement. In these media organizations they can be directly regulated by advertisement dollars.to understand it well we need to interpret the corporate model of the media (NWO: Illuminati Guide to Media and Mind Control). All simple diversions, like the ancient romans who used bread and circuses, we use the media to keep the population entertained and away from the real issues. These manufactured realities have the effect of making ordinary life seems dull. Viewers are the spectators.

The idea is that they always remain the spectators. Hidden societies such as illumination and freemasonry are vital in the organization of our apparently contradictory industries (BOOK 1: Ruling the World for Beginners, 2005). The USA is an organization that serves as the chairman's as its CEO. If the orders of the Illuminati are followed, the President is the true decision-maker for the government. The Illuminati are the force that makes the choices for the US Company. In the six specified disciplines, all Illuminati participants undergo instruction. The Illuminati have all the requisite instruments for manipulating the world by controlling all media attention and regulation over all the financial institutions (Illuminati Control Of Politics, The Music Industry, The Media, The Movie Industry! How Do Secret Societies Operate, 2013). As one of the world's most famous conspiracy theories, Illuminati is said to be a secret world class that runs world

governments behind the scenes and prepares a new world order (NWO) to rule the world through a shadowy organization (Is New World Order COMING? Illuminati 'goes PUBLIC with global elite website'). Now the legendary secret society is making us fear the NWO may soon come up with a public website that invites people to participate. The Illuminati conspiracy theory argues that a shadowy corporate elite controlling nations slowly enforce the so-called NWO, which would culminate in global leadership. [www.Illuminati.official.org](http://www.Illuminati.official.org) says that the group actually exists and that it is actually behind this website and claims to help understand the underground society to average citizens and that it works. One World Religion and One World Government have sponsored and led this Modern World Anti-Christian Order by the so-called esoteric minority political elite the so-called Illuminati. This elitists club, Illuminati, belongs to every influential person in the world of global stature. The Illuminati rule the universe through their assumption. The faith and justification of a real Christian is questioned by illuminati who learns that Christ will not leave his world to the devil who is looking for someone to dedicate. The "New Order of the Ages" or Novus Ordo Seclorum is also included in the dollar bill. (new world order). Without knowing the crux of this issue, many overzealous Christians enter the fray. This part is important because everyone is not similarly docile to mental rigor or adequate knowledge to see and process their lie by demagoguery. As US President Woodrow Wilson promoted the inclusion of the United States in the establishment of the League of the Nations just after the First World War, the word "new world order" was first officially referred.

Famous movie stars are believed by many to be a part of the infamous Illuminati secret society. These stars allegedly use Illuminati and satanic symbolism in their movies and on their clothes that goes unnoticed by those not "in the know."

Since these stars appear in our living rooms on family friendly mainstream shows like The Order, Satan, and dozens of others—and are loved by virtually all the kids and youngsters. they couldn't possibly have anything to do with the infamous Illuminati or anything "satanic,". Some famous musicians and actors have even publicly denounced the Illuminati in interviews or songs.

Illuminati in the Movie Industry takes a close look at some of today's hottest stars and decodes the secret symbols, script lines, songs lyrics, and separates the facts from the fiction in this fascinating topic. You may never see your favorite musicians or script writer the same way ever again. there are so many artists are promoting the Illuminati as the secret to success. the founder of BET Black Entertainment Television became the first African American billionaire.

Popular female pop stars like Rihanna, Justin chon, steven Krueger, Christina Aguilera, Kesha and others are promoting Satanism as cool, something that was once only seen in heavy metal and rock and roll bands.

Some movie directors like Angelina Jolie, Stanley Kubrick , Francis Lawrence, Richard Donner, have all denounced the Illuminati and artists promoting them.

### **Background**

The CIA and Mossad are the illuminati's right-hand man. They do concealed missions in the name of privacy and national security that empowers them to commit carnages on behalf of their leaders.

Documents such as the Pegasus report give implicating evidence on how the Mossad are functional and their members "dealt with" once their task is complete. The media is of huge support to the illuminati. We are all appropriately mindful of FOX and their antics but there is no reason to say that they do not regulate CNN, MSNBC, ABC,NBC and so on (How the Order of the Illuminati manipulates mankind, 2011). "Break the chain" is a book was written by a former cult programmer who went by the name

Svali. Many have found her book useful as they strive to figure out how the scam at CIA brainwashed them. Ronald Bernard was a banker to the Illuminati, who destroyed many lives through the manipulation of finance. Svali, who redeemed herself by revealing the secrets of the Illuminati scam and their dogs at CIA.

It also involves hypnosis, trauma, and electroshock—methods developed by the Illuminati over the centuries, by Tavistock Institute after World War One, and by the Nazis in the death camps (svali, 2018). Recently on August 8, 2019, as I stepped outside home I suffocated. It was so hard to breathe because it's so heavily sprayed here. The skies were metallic gray and white which is so strange because in Israel we are not supposed to have rain or clouds for about half a year (the rainy season here is roughly between December to April). 5G was developed in Israel, but not being deployed in Israel regarding 5G, this technology is partly being developed in Israel.

However, it was first developed and used by the Military Industrial Complex corporations like DARPA, the British Army and the Russian Army, among others (Exposing the Cabal, Illuminati, Deep State, Globalists, and Global Elites that Rule the World, 2019). In previous years the world media is run on hidden propagandas. In 1948 it opened its Office of Special Projects as the US came out of the war as the world's greatest superpower. Later the group became the Central Intelligence Agency's spy and counterintelligence division (beckow, 2011). That year it introduced the Mockingbird operation, whose aim was to manipulate American domestic media. By the early fifties the corporation "owned" respected employees of the New York Times, Newsweek, CBS and other newspapers". The company not only sought to control the American media, but also produced favorable articles in international publications. These organizations, including William Paley (CBS), Henry Luce, were headed by individuals with prominent right-wing positions (Time Magazine and Life Magazine). The writers of the study calculated that US taxpayers cost almost 265 million dollars a year to misinform the nation. With these incidents in mind, writer would like to take a look at the channels how they use to track the media after this time on this website. Matthew Ward told us in 2005 that the CIA was Illuminati regulated and fulfilled its purposes. In American domestic history, the intelligence community was implicated in the worst mass killing, on 11 September 2001 the attacks on the World Trade Center and Pentagon, and since then several other counterfeit activities in many countries. CIA financing that was formerly generated by skimming the Marshall Plan has now been largely accessed by world drug trafficking, says Matthew. A brief Islamic view of these secret societies is given in this Article. The Islamic viewpoint is that we live in a Dajjal world (anti-Christ). There are no personal values, the world of politics is polluted, the global economic situation is now corrupted by serious slavery as well as media manipulation. There are no family values (An Islamic Perspective On The Illuminati (A Must Read by All Muslims) - Islam for Muslims - Nairaland, 2020). The evil society tries to trap the world by arresting the Modern World Order conspiracy theory. A rostrum of knowledge super ways and social media outlets has been taken over by several pseudo prophets and demagogues, smearing statements that are usually groundless (Adimike, 2020). These alarmists resurrect outdated narratives of the Modern World Order and characterize them as 'Armageddon' imminently. This decades-long hypothesis of conspiracy argues that an occult power elite, frequently connected to the so-called Illuminati. The Illuminati have a totalizing globalist agenda that is hostile to the autonomy of nations. It then would open a One World Economy and a One World Religion dominated by totalitarianism and immense socio-economic implications.

Pope Francis of NWO who said he had already started World War III made another challenging statement in his observation at the start of December: "While the world is hungry, scalds and goes into anarchy deeper, we should know that the celebrations for Christmas this year are to be relished by some, it might be their last. Tactics are going down the "fast track," as tyrannical, illegal organizations that actually have the highest stages of governmental, monetary and spiritual authority in the nation, guided by the dark devil's existence in the Modern World Order, they are near to gross war on the world's citizens to remain

their power (FUTURE SHOCK – The New World Order Plans for 2019-2021: Your Life Is About To Change!, 2020). Donald Trump is a Socialist, a New World Order supporter, who may have been tangent in using wireless brainwave technologies to force a Disney World alligator to kill a boy – if his lawsuits are to be believed. For decades, the "Elites" spoke practically of their precious "New World Order." The scripture says that a day, will also come when the whole world will be in charge of a regime that said by Orwell's in 1948 (Greere, 2020).

Fringe conspiracy theories have long been the topic of political insiders. In addition, Hillary Clinton is a literal Illuminati witch who practices a strong brand of satanic shamanism to produce some interesting YouTube images. Yet these ideas are now being diverted into the legal realm, once the jurisdiction of subterranean forums. "The Trump family has for many years now planned to overthrow the government in the New World Order," a criminal case lodged against a district court in California on 19 Sept.

In addition, Hillary Clinton is a literal Illuminati witch who practices a strong brand of satanic shamanism to produce some interesting YouTube images. Yet these ideas are now being diverted into the legal realm, once the jurisdiction of subterranean forums. "The Trump family has for many years now planned to overthrow the government in the New World Order," a criminal case lodged against a district court in California on 19 Sept. There are many images, symbols, and references to war, destruction, and collapse of old systems under Masonic and/or NWO puppet masters which has been shown in movie I PET GOAT.. There are many references to Islam, Christianity, and Judaism, especially regarding a final war and to end times prophecies. Some interpreters of this video see the judgment and destruction not just of humanity but of the physical world too, with natural disasters including a pole shift ending the present world age and allowing a new start. Some see the golden figure as a false Christ or demonic antichrist while others see the figure as the true Messiah bringing humanity to a new age of unified spiritual consciousness. Others say we are reading too much into a creative video made by mere humans. Some suggest it is divinely inspired – if interested, look at this interpretation which suggests "The video is an occult mystery play, the purpose of which is to lay rails in the space of future for implementation of a certain scenario, and serves a sort of a warning of upcoming events for those who are ready to hear (Montaigne, 2019)."

Eight years have passed since the release of the cartoon "I, Pet Goat II", produced by the Canadian studio "Heliophant", during which conspiracy theorists have racked and continue to rack their brains trying to interpret the hidden meaning of animation. And so, to the great surprise of everyone, at the beginning of 2021, the continuation of the series appeared on the network - the cartoon I Pet Goat III, made, as it were, by the artists of Turkey and Azerbaijan. And everyone has now begun to interpret it with terrible force. The cartoon begins with a staged fight between what appears to be the leaders of the United States and Russia. The fight takes place on the roof of a building in the Chinese style, that is, with the participation of China, but the pyramid of the Illuminati rules everything. And at this moment the crown comes:

Then follows the scene of the pandemic, in which a lot of symbolism is placed in one frame: In the foreground lies a dead, already blackened man. Behind the dead man's back is a cemetery, a cemetery

exclusively with Christian tombstones. A huge syringe with the inscription 666 pumps out some kind of liquid from the corpse, as the commentators of the video assume - a vaccine will be made from this "water". A zombie is dancing in front of a dead body, in the background is Nibiru and a cloud of meteorites falling to the Earth. To top it all off, the Eiffel Tower is hit by a missile launched either by a UFO or from a UFO-like bomber. At the same time, a completely unambiguous "flying saucer" hangs over Antarctica and controls the pyramid of the Illuminati:

On the physical plane, everything looks like the Antichrist sitting on a throne, in front of which soldiers are lined up, symbolizing the states subordinate to him: At this moment, a character similar to Mahdi comes to Earth. He finds the Ark of the Covenant hidden in the temple of Hagia Sophia, opens it and presents to the world the original versions of the Torah, the Koran and the Gospel of Barnabas. Then Mahdi kills the eagle symbolizing America with a bow shot and cuts the head of the golden calf: After that, world peace is established on Earth controlled from the Third Temple, over which a very strange flag hangs. And here there is a reasonable doubt that the authors of this video are Muslims, because no primacy to their eternal enemies the Jews, they would not have given even in the cartoon. But this doesn't necessarily mean the "I, Pet Goat" movies are accurate depictions of future events, specifically WWII or the antichrist or the fulfillment of biblical end times prophecies. Watch the video below, and click on the links above if you are interested in my more detailed interpretations on such topics (I Pet Goat III by Seymour Studios Turkish fake movie., 2021). In gray state movie, the world reels with the turmoil of war, geological disaster, and economic collapse, while Americans continue to submerge themselves in illusions of safety and immunity. While rights are sold for security, the federal government, swollen with power, begins a systematic takeover of liberty in order to bring about a New World Order. Americans, quarantined to militarized districts, become a population ripe for tyrannical control. Fearmongering, terrorism, police state, martial law, war, arrest, internment, hunger, oppression, violence, resistance -- these are the new terms by which Americans define their existence. Neighbor is turned against neighbor as the value of the dollar plunges to zero, food supplies are depleted, and everyone is a terror suspect. There are arrests.

Disappearances. Bio attacks. Public executions of those even suspected of dissent. Even rumors of concentration camps on American soil. This is the backdrop to an unfolding story of resistance. American militias prepare for guerilla warfare. There are mass defections from the military as true Patriots attempt to rally around the Constitution and defend liberty, preparing a national insurgency against federal forces, knowing full well this will be the last time in history the oppressed will be capable of organized resistance. It is a time of transition, of shifting alliance, of mass awakening and mass execution. It is an impending storm, an iron-gray morning that puts into effect decades of over-comfort and complacency, and Americans wake up to an occupied homeland. It is a time of lists -- black list, white list, and those still caught in the middle, those who risk physical death for their free will and those who sell their souls to maintain their idle thoughts and easy comforts. It is in this Gray State that the perpetuation of human freedom will be contested, or crushed. Is it the near future, or is it the present? The Gray State is coming - by consent or conquest. This is battlefield USA (campbel, 2015).

Rapper and singer Lil Nas X launched a controversial pair of "Satan Shoes" featuring a bronze pentagram, an inverted cross and a drop of real human blood -- and they sold out almost immediately. The black and red sneakers, part of a collaboration between Lil Nas X and New York-based art collective MSCHF, were made using Nike Air Max 97s, though the sportswear brand has distanced itself from the design. In an emailed statement to CNN, Nike said it was not involved in creating the modified sneakers. "We do not have a relationship with Lil Nas or MSCHF," the company said. "Nike did not design or release these shoes and we do not endorse them." The day after Lil Nas X released the music video, he responded to the backlash over its rebellious religious imagery. "I spent my entire teenage years hating myself because of the s\*\*t y'all preached would happen to me because i was gay," he wrote. "So i hope u are mad, stay

mad, feel the same anger you teach us to have towards ourselves."

The sequences of the movie posters show the All Seeing Eye of Horus. The poster showed the main character in the "Eye wide shut" movie with their single eye covered . It shows only one eye of the characters in the poster. It can be classified as illuminati symbol "All Seeing Eye of Horus" based on Marrs's theory of Illuminati symbols. Based on the semiotic process by Pierce's theory, the brief explanation of the symbol can be seen as follows:

**Representant:** It shows five main characters in the movie with their right eye covered

by Light saber. In illuminati symbol, it forms to "one eye of Horus".

**Object:** The only right and only left eyes raised on the cover refers to All Seeing Eye of Horus symbol.
